5 Land North of Morris Drive, Alderley Park
Have Your Say

This proposal offers an exciting opportunity to replace an unattractive, cleared brownfield site with a high-quality residential neighbourhood in the heart of Alderley Park. Through careful, high-quality design, the development will establish and enhance an already vibrant, resilient and attractive community.

Thank you for taking the time to visit this online exhibition. Alderley Park Limited and Miller Homes invite you to share your feedback, as your comments will help refine and shape the evolving proposals before planning application submission.

Please submit your comments before the consultation closes on Friday 18th September 2026. All feedback will be carefully reviewed as part of the ongoing design process.
